Contracts that arise out of the transactions we conduct with you under this Agreement are legally binding and enforceable.

- (f) We may send reports by other means: We may send Confirmations, daily statements, monthly statements and other reports that we provide, by email, post or by any other means, in addition to making them available using the Trading Platform.
- (g) Errors: You must verify the contents of each document received from us. Such documents will, in the absence of manifest error, be conclusive unless you notify us in writing to the contrary immediately in the case of a Confirmation or within 3 Business Days of receiving a [daily or] monthly report.
- (h) When you may object to the content of a report: You agree that in the event that a Confirmation, [daily statement,] monthly statement or other report is provided to you in accordance with this clause 6.6 the time for objecting to the contents of a document under clause 6.8 is from the earlier of the date you receive the report under paragraph 6.6(f) (if applicable) and when the report is posted on the Trading Platform by us.

7. MARKET DISRUPTION

- (a) If we believe that we can no longer perform our obligations under the CFDs on the same economic basis as that Underlying Instrument the terms of the Contract when the Contract was originally entered into because of a supervision or halt in the Underlying Market for an Underlying Instrument, then, we will give notice to you of that fact and will, at your request, provide you with reasonable evidence of such circumstances, although our determination will be conclusive.
- (b) At any time following our giving of notice to you under this clause, we may halt trading and the use of Client Money in the CFD.

8. OPENING A TRADE

8.1 No rights in Underlying Instrument

A trade does not entitle you to any rights in relation to the Underlying Instrument being traded and you will not be entitled to delivery of the Underlying Instrument; nor will you acquire any ownership or other such rights in relation to it.

8.2 Opening a trade using our Trading Platform

- (a) You will be able to open or close a Position and execute Limit Orders and Stop Loss Orders on a trade opened with us via our Trading Platform.
- (b) We will have no liability to you if any internet connection is lost with the result that you are unable to trade at any given price.
- (c) We do not warrant that the Trading Platform will always be available or accessible when the exchanges on which the Underlying Instruments in respect of which you have traded or wish to trade are open and we reserve the right to remove altogether or reduce the Trading Platform service at any time for any purpose, without thereby incurring any liability to you.
- (d) If our computer records are at variance with your own records or recollection of your trading, the version of events recorded contemporaneously by our computer will prevail and our obligations to each other (including the obligation to pay any money) will be assessed and calculated on the basis

that our contemporaneous computer records are correct and are conclusive evidence of the matters they record.

8.3 Telephone

- (a) You may request a quote to open a trade or close a Position or otherwise give trading instructions by telephone on one of our designated trading lines. Indeed, you must do so if you are experiencing difficulty with our Trading Platform or Website in placing a trade or closing an open Position.
- (b) When you trade by telephone your instructions to open or close a Margin FX Contract or CFD must be given to our trader during the same telephone conversation in which the quote was given. We have no liability to you if this telephone conversation is interrupted before we receive an instruction from you to trade on that quote; nor will we be under any obligation to repeat the quote in a subsequent conversation.

8.4 Nature of quote

A quote given to you by one of our traders is not an offer to contract. If you indicate that you wish to trade at the price quoted you will be deemed to be making an offer to trade at the quoted price and our trader will be entitled to confirm or reject that offer. No trade will be effective unless and until such confirmation is given.

8.5 Formation of Contract

Your clicking 'buy' or 'sell' or accepting a quote to buy or sell by telephone will send a message to our traders indicating that you wish to trade on the terms and conditions indicated. This message will constitute an offer by you to buy or sell at the price and trade size chosen. If we accept the trade we will send you a message to this effect. Your trade will not have been placed and no contract will come into existence until we send this message to you. You must wait for this message to appear after sending a 'buy' or 'sell' message and should you not receive this within two minutes you must notify us immediately. If you do not receive our Confirmation and you do not notify us as required, you will be deemed to have agreed only the transactions recorded by us. Similarly, if you dispute the contents of any Confirmation sent by us to you, you must notify us immediately upon receipt by telephone; if you do not, the transactions recorded by us will be deemed to have been agreed by you.

8.6 Currency

All trades will be conducted in the currency appropriate to the trade and will be converted into Australian dollars at the previous day's official closing Exchange Rate for the purposes of calculating the components of your account summary.

8.7 Australian dollars

All payments made by you to us and by us to you will be in Australian dollars unless otherwise agreed.

8.8 Position duration

With the exception of Index Futures CFDs and Commodity CFDs a Position has no inherent limit to its duration and, subject to the payment of Margin and other relevant sums, can continue indefinitely. Any Position opened by you may be closed by us at the prevailing rate if there is an Event of Default.

8.9 Opposing Positions

- (a) You may run opposing Positions in Margin FX Contracts in the same currency pair and a Position in a market where you have an opposing Position already opened. Both long and short Positions will appear in your trade account and they will be treated as two open Positions. When you choose to keep two opposing open Positions they will be revalued and rolled as an individual open Position until you choose to offset or match the two Positions.
- (b) You may run opposing Positions in the same market and a Position in a market where you have an opposing Position already open will automatically be deemed to be an instruction to close the earlier Position. If you have more than one open Position in the same market, closing trades will apply to them on a first opened first closed basis, unless otherwise agreed by us.

8.10 Difference in buy and sell prices

You understand there may be a wider difference between 'buy' and 'sell' prices you are quoted on closing a Position than when it was opened.

8.11 Profit and losses

You further understand that a payment will pass between us equal to the difference in value expressed in Australian dollars between the opening price of all Positions and their closing prices. If you make a profit

we must pay a sum to you equal to that profit. If you make a loss you must pay to us a sum equal to that loss.

9. PRICING

9.1 Quotes

We will quote prices which provide an indication of the prices at which we are prepared to deal with you and which are calculated in accordance with clause 9.7 for Margin FX Contracts and clauses 9.4, 9.5 and 9.6 for CFDs. You should note that:

as notified to you by us at the time of the order being considered by us. This may occur, for example, when you place an order outside the Normal Trading Size, or the aggregate of your order and all other orders for a Margin FX Contract or CFD is outside the Normal Trading Size, or to take account of any change in market conditions since the original quote. Such amended Contract Price will be determined by us having regard to the applicable prices and costs of entering into a transaction of that size on the relevant market. You will not be obliged to proceed with any order for which an amended price or special conditions and requirements are notified to you by us. For example, we may quote a revised price applicable to the proposed Margin FX Contract or CFD which you may, at your absolute discretion, accept or reject. The amended quote may no longer be available if there is any delay in acceptance.

9.8 Choice to deal

Except where:

- (a) we exercise any of our rights to close out a Margin FX Contract or CFD; or
- (b) a Margin FX Contract or CFD closes automatically;

it is your responsibility to decide whether or not you wish to deal at those prices. If you decide to deal at the prices indicated by us, you may make an offer to us to deal at that price. We may choose, in our absolute discretion, whether to accept or reject any offer to deal made by you.

9.9 Errors in prices

- (a) It is possible that errors, omissions or misquotes ("Material Error") may occur in relation to Margin FX Contracts or CFDs, which by fault of either of us or any third party, is materially incorrect when taking into account market conditions and quotes in Underlying Instruments which prevailed at the time. - enforce the trade(s) against you if it is a trade(s) which results in you owing money to us;
- treat some of or all your trades as void from the outset if they are trades which result in us owing money to you, unless you produce conclusive evidence within 30 days of us giving you notice under this clause that you have not committed any breach or warranty, misrepresentation or undertaking in this Agreement;

10. MARGIN

10.1 Initial Margin

To place a trade that creates an open Position you are required to pay us, and have in your Account, the Margin for that trade as calculated by us ("Initial Margin"). This Initial Margin is calculated as follows:

Initial Margin requirement = (Quantity of Contract Units x Contract Price) x Margin Percentage.

10.2 Continuing Margin Obligation while Positions open

In addition to the Initial Margin, you have a continuing obligation in relation to Margin as set out below in respect of all open Positions on your Account.

10.3 Continuing Margin Obligation while Positions open - continued

You have a continuing obligation to us to ensure that at all times during which you have open Positions, your Total Equity is at least the Margin that we require you to have paid to us for all of your open Positions, such Margin required by us at all times (the Margin Requirement) for each open Position being: (Quantity of Contract Units x Contract Price) x Margin Percentage. You must pay to us the Margin required by us for all of your open Positions.

Your Total Equity will be determined by us on an ongoing during the day.

If there is any shortfall between your Total Equity and your Total Margin Requirement for all your open Positions, you are required by us to deposit additional funds into your account so that there is no such shortfall. These funds are due and payable to us immediately on your Total Equity falling below your Total Margin Requirement for all your open Positions.

10.4 Exceptions

The requirements imposed under clauses 10.1 to 10.3 will vary in the following circumstances:

- (a) we have expressly advised you in writing that you have an account type that allows for longer payment periods for Margin, in which case you must pay Margin in accordance with the payment periods that we have advised you;
- (b) we have expressly agreed to reduce or waive a part of the Margin that we would otherwise require you to pay us in respect of a trade; the period of waiver or reduction may be temporary and must be agreed in writing by us. Any such agreement will not restrict our right to seek further Margin in respect of the trade or open Positions at any time thereafter;
- (c) we agree otherwise in writing, in which case you will be required to comply with such terms and conditions as stated in such written agreement;
- (d) when you hold open Positions in a Margin FX Contract or CFD and you place one or more trades in the opposite direction in a Margin FX Contract or CFD with the same Underlying Instrument, your Margin Requirement for all open Positions with the same Underlying Instrument is the larger of the aggregate of the Margin Requirements for all Long Positions or the aggregate of the Margin Requirements for all Short Positions.

In the case of your continuous Margin obligation set out in clause 10.3, you will not be required to pay it if we have extended you a credit facility, and you have sufficient credit to cover your Margin requirements. However, if at any time the credit facility is not sufficient to cover the Margin requirement on your open Positions you must immediately place additional funds in your Account in order to fully cover the Margin requirements.

10.5 Changing Margin Percentage

We may vary the Margin Percentage at any time at our discretion. Without limitation, we may vary the Margin Percentage in response to or in anticipation of the following:

- (c) changes in your dealing pattern with us;

Any increase in Margin arising from an increase in the Margin Percentage will be due and payable immediately on notice to you, including any deemed notice in accordance with clause 36.

10.7 Our rights where your (Total Equity less aggregate Margin Requirement) is at or below a certain level

In addition to the requirements set out in clauses 10.1 to 10.3, if at any time (Total Equity less aggregate Margin Requirement) is at or below [*]% of aggregate Margin Requirement, whilst it is not an Event of Default, we may (but are not obliged to) close some or all of your open Positions at our absolute discretion. We will not be responsible for any losses you may suffer or incur in connection with any such closing of your open Positions or any lack of closing thereof.

11.1 You must pay Margin

- (a) You must pay to us such amounts by way of Margin as required under this Agreement, including but not limited to Margin as referred to in clauses 10.1 to 10.3.

- (b) Your failure to pay any Margin or comply with your obligations in connection with Margin as required under this Agreement will be regarded as an Event of Default for the purposes of clause 15.
- (c) In addition, if you do not wish us to be able to exercise our rights under clause 10.7, you will ensure that at any time (Total Equity less aggregate Margin Requirement) is above [*]% of aggregate Margin Requirement.

11.2 You must monitor Margin

- (a) Through the Electronic Service you may have access to your Account and sufficient information to enable you to calculate the amount of any Margin required from you under this Agreement and the total amount of Margin due from you in the Base Currency using our Exchange Rate. It is your responsibility to ensure that you obtain all relevant information in respect of your Account (including when placing any orders over the telephone, to request such information before placing any orders to open or close a Position), including all information in respect of your current open Positions. We will not be responsible for any losses you may suffer or incur as a result of you not obtaining or requesting any such information.
- (b) It is your responsibility to monitor at all times (including by checking on the Electronic Service) the amount of Margin deposited with us from time to time against the amount of any Margin currently required under clauses 10 and 11 of this Agreement and any additional Margin that may be necessary or desirable, having regard to such matters as:
 - (i) your open Positions;

 - (iii) the volatility of the relevant market;

 - (v) any applicable exchange rate risk; and
 - (vi) the time it will take for you to remit sufficient cleared funds to us.

11.3 No obligation to make Margin Call

Notwithstanding any other terms of any document, we are not under any obligation to keep you informed of your Account balance and required Margin by making a Margin Call.

11.4 Timing of changes to Margin Percentage

You agree and acknowledge that any variation of the Margin Percentage under clause 10.5 of this Agreement may take immediate effect on and from you being given oral or written notice of the variation in accordance with this Agreement.

11.5 No online access

You accept and agree that we may not be able to provide you on-line access through the Electronic Service to information on the Account. You accept and agree that we may not provide a Margin Call before exercising our rights (including to close your Positions) under this Agreement.

11.6 Your obligation to notify us

It is your responsibility to notify us of your contact details and of any changes in your contact details immediately, so that you can be contacted if we do contact you. You acknowledge that we are not liable for any losses (including indirect or consequential losses), costs, expense or damages incurred or suffered by you as a consequence of your failure to do so.

11.7 Time allowance for forwarding Margin

We are not obliged to allow you time to forward further funds to meet such Margin as is required under clause 10 or this clause 11 before exercising our rights (including to close out your Positions). However, where we, in our absolute discretion, do allow you time to meet your Margin Requirements, that permission will only be effective once it is confirmed in writing by us, and only to the extent specified in the written confirmation given by us.

12. CLOSING A MARGIN FX CONTRACT OR CFD

12.1 When can a Margin FX Contract or CFD (other than an Index Futures CFD or Commodity CFD) be closed?

A Margin FX Contract or CFD (other than an Index Futures CFD or a Commodity CFD, which are together referred to in this clause as "Excepted Contracts") may be closed out if:

- (a) You give instructions to request to close a Margin FX Contract or CFD other than an Excepted Contract by requesting to enter into an equal and opposite Contract irrespective of the date on which either Contract closes automatically under clause 12.3 as follows:
 - (i) **Single Position Closing:** a single open trade Position can be requested to be closed by choosing the close button on line. The Contract may be closed and offset by the opposite trade; or
 - (ii) **Close by Opposite Positions:** you can choose to request to close a Position by an opposite Position but not offsetting the two trades. You can request execution of an opposite trade and both long and short Positions will appear in your trade account. You can choose to request offset of the trades at a later time when you prefer.
- (b) We may exercise any of our rights under this Agreement to close a Margin FX Contract or CFD other than an Excepted Contract at any time before the Contract closes automatically under clause 12.3.

12.2 When can an Excepted Contract be closed?

An Excepted Contract may be closed out if:

- (a) You give instructions to request to close an Excepted Contract by requesting to enter into an equal and opposite Contract with the same Specified Date as follows:
 - (i) **Single Position Closing:** a single open trade Position can be requested to be closed by choosing the close button on our Electronic Service. The Contract may be closed and offset by the opposite trade; or
 - (ii) **Close by Opposite Positions:** you can choose to request to close a Position by an opposite Position but not offsetting the two trades. You can request execution of an opposite trade and both long and short Positions will appear in your trade account. You can choose to request offset of the trades at a later time when you prefer.
- (b) We may exercise any of our rights under this Agreement to close an Excepted Contract at any time before the Contract closes automatically under clause 12.3.

12.3 Automatic closure

[A Margin FX Contract or CFD will close automatically on the fifth anniversary of the date on which the Contract was first entered into.]

12.4 Time limits for closing

Details of the last day and time for closing out a Margin FX Contract or CFD are available on request. It is your responsibility to be aware of the last day and time for closing out a particular Margin FX Contract or CFD.

12.5 Method of closing Margin FX Contracts or CFDs by us

Where we exercise any of our rights under this Agreement to close a Margin FX Contract or CFD, we will do so by entering into an equal and opposite Margin FX Contract or CFD on the Account irrespective of the date on which either Margin FX Contract or CFD closes automatically under clause 12.3 of this Agreement.

12.6 Contract Price at closing

Where:

- (a) we exercise any of our rights under this Agreement to close a Margin FX Contract or CFD; or
- (b) a Margin FX Contract or CFD, closes automatically under clause 12.3 of this Agreement,

we will determine the Contract Price at the time of closing in accordance with the current prices then being quoted by us[, but except where the Margin FX Contract or CFD to be closed is outside the Normal Trading Size, our additional markup used in calculating the Contract Price will not exceed 20% or one cent (or equivalent currency unit), whichever is the greater].

12.7 Contract Value at closing

A Margin FX Contract or CFD will close at the Contract Value at the time of closing as calculated by us, which will equal:

Contract Price x Contract Quantity

and as notified to you.

12.8 Closure during Business Day

Where a Margin FX Contract or CFD has been closed out during a Business Day, clauses 12.3 and 12.4 of this Agreement will continue to apply to your long and short Positions in the particular Underlying Instrument until close of business on such Business Day and will apply to the balance of your outstanding long or short Position (if any) in the relevant Underlying Instrument with effect immediately after close of Business on such Business Day.

12.9 Timing of payments

Any payment due by either us or you under this clause 12 in respect of dates on or after the Closing Date will be made by us adjusting the Account at Close of Business on the Settlement Date.

12.10 Automatic closure: Margin FX Contracts and CFDs (other than Excepted Contracts)

Subject to clauses 12.12 and 12.13 Margin FX Contracts and CFDs other than Excepted Contracts close automatically at Close of Business on each Business Day and are to be replaced by an equivalent contract with effect immediately after Close of Business on that Business Day, [and this will not affect the automatic closing of a contract under clause 12.3, with effect that the 5 year period will run from the date on which the contract was first entered into and when such contract closes automatically under clause 12.3 it will not be reopened in accordance with this clause 12.10].

12.11 Automatic closure: Excepted Contracts

Subject to clauses 12.12 and 12.13, an Excepted Contract will close automatically at Close of Business on the Specified Date and not on the daily Close of Business:

- (e) if the period from the date of the transaction to the Specified Date of the Excepted Contract is, or is part of, a market standard period during which equivalent contracts are traded on the relevant exchange, as determined by us, such Excepted Contract will be replaced with effect immediately after Close of Business on the Specified Date by an equivalent Excepted Contract or Margin FX Option for the same market standard period to the replacement Specified Date. The Opening Value of that replacement Excepted Contract must equal the current Contract Price of the replacement Excepted Contract multiplied by the applicable Contract Quantity. The provisions of this Agreement will then apply to such Excepted Contract, but this will not affect the automatic closing of an Excepted Contract under clause 12.3, with effect that the 5 year period will run from the date on which the original Excepted Contract was first entered into, and when that Excepted Contract closes automatically under this clause 12.11 it will not be reopened in accordance with this clause 12.11.
- (f) when an Excepted Contract is closed by another Excepted Contract under this clause 12.11 at Close of Business on the Specified Date of the original Excepted Contract, we will calculate the difference between the Closing Contract Value of the original Excepted Contract as determined by us under clause 12.7 and the Opening Value of the replacement Excepted Contract and we will:-
 - (i) if the amount calculated as the Contract Value is greater than the amount calculated as the Opening Value, credit the difference to the Account; and
 - (ii) if the amount calculated as the Opening Value is greater than the amount calculated as the Contract Value, debit the difference from your account.

12.12 Closure: long and short contract

If you are long and short a Margin FX Contract or CFD, with effect immediately after Close of Business on the Closing Date, we will close the relevant long and short Positions and record in your account the balance, if any, of your then outstanding long or short Position in the Contract, as appropriate. If there is more than one Contract in relation to the particular Underlying Instrument, or in the case of Index Future CFDs or Commodity CFDs in relation to the Underlying Instrument with the same Specified Date, we may close out whatever Contract we consider appropriate.

12.13 Closure: two or more Margin FX Contracts or CFDs

Where you have two or more Margin FX Contracts or CFDs:

- (a) which are in respect of the same Underlying Instrument or in the case of Index Future CFDs or Commodity CFDs are in respect of the same Underlying Instrument with the same Specified Date; and
- (b) where you are in the Margin FX Contracts or CFDs as either the Long Party or the Short Party;

we will with effect immediately after Close of Business on each Business Day replace such Margin FX Contracts or CFDs with a single aggregated Margin FX Contract or CFD equivalent to the total of the Contract Quantities of each Margin FX Contract or CFD. The date on which such replacement Margin FX

Contract or CFD will expire automatically under clause 12.3 will be the latest of the expiry dates of each of the original Margin FX Contracts or CFDs.

13. CLOSE OF BUSINESS ACCOUNTING

13.1 When we account

Commencing at Close of Business on the date of the transaction and at Close of Business on each subsequent Business Day during the terms of the Margin FX Contracts or CFDs (including the Closing Date), we will account under this clause 13.

13.2 Contract Value

We will calculate the Contract Value, which will equal Contract Price x Contract Quantity.

13.3 Contract Price at close

- (a) Index Futures CFDs: the Contract Price will be the price calculated in accordance with clause 9.4.
- (b) Bullion CFDs: the Contract Price will be the price calculated in accordance with clause 9.5.
- (c) Commodity CFDs: the Contract Price will be price calculated in accordance with clause 9.6.
- (d) Margin FX Contracts: the Contract Price will be the price calculated in accordance with clause 9.7.

13.4 Valuation

If on the date of the transaction:

- (a) the current Contract Value exceeds the Opening Value, the Short Party will pay to the Long Party such excess;
- (b) the Opening Value exceeds the current Contract Value, the Long Party will pay to the Short Party such excess.

If, on any Business Day during the term of the Margin FX Contract or CFD, (including the Closing Date):

- (c) the Contract Value exceeds the Contract Values on the preceding Business Day, the Short Party will pay to the Long Party such excess;
- (d) the Closing Value on the preceding Business Day, exceeds the current Contract Value, the Long Party will pay to the Short Party such excess.

13.5 Daily Swaps of Margin FX Contracts and CFDs (other than Excepted Contracts)

When you hold a Position or Positions overnight in a Margin FX Contract or CFD (other than an Excepted Contract) they will be rolled to the next Business Day which will result in you paying a Swap Charge or receiving a Swap Benefit. The amount is determined by us and depends on our Swap Rate, being the rates at which you receive or pay interest on Positions that remain open overnight. This is a varying rate dependent upon the applicable rate in the interbank markets for the currencies or Bullion, the duration of the rollover period, the size of the Position and the our markup that is applied at our discretion.

No Swap Charge is paid or Swap Benefit is received in the case of Excepted Contracts; but there will be a Rollover Charge or Rollover Benefit: see clause 13.11.

The operation of this clause 13.5 is subject to clauses 13.7, 13.8, 13.9 and 13.10.

13.6 Entitlement

If you are long on a Margin FX Contract you may either receive a Swap Benefit or pay a Swap Charge, depending on the currency you are long, subject to clause 13.7 and if you are short on a Margin FX Contract you may either pay a Swap Charge or receive a Swap Benefit, depending on the currency you are short on, subject to clause 13.9.

13.7 Long Margin FX Contracts

If you are long on a Margin FX Contract where the bought currency interest rates are higher than the sold currency interest rates you will receive interest at the Swap Rate if you hold the Position overnight and do not close it before the settlement time. This is because you are holding the higher yielding currency. On the other hand, if you are long on a Margin FX Contract where the bought currency interest rates are lower than the sold currency interest rates then you will pay interest at the Swap Rate if you hold the Position

overnight and do not close it before the settlement time. This is because you are holding the lower yielding currency.

13.8 Long Bullion CFDs

If you have a long US dollar/short Bullion Position and interest rates in the USA are higher than the Bullion Swap Rate you will receive a Swap Benefit at the Bullion Swap Rate if you hold the Position overnight and do not close it before settlement time. This is because you are holding the higher yielding asset.

13.9 Short Margin FX Contracts

If you are short on a Margin FX Contract where the sold currency interest rates are higher than the bought currency interest rates you will pay interest at the Swap Rate if you hold the Position overnight and do not close it before the settlement time. This is because you are holding the lower yielding currency. On the other hand, if you are short on a Margin FX Contract where the sold currency interest rates are lower than the bought currency interest rates then you will receive interest at the Swap Rate if you hold the Position overnight and do not close it before the settlement time. This is because you are holding the higher yielding currency.

13.10 Short Bullion CFDs

If you have a short US dollar/long Bullion Position and interest rates in the USA are higher than the Bullion Swap Rate you will pay a Swap Charge at the relevant Swap Rate if you hold the Position overnight and do not close it before settlement time. This is because you are holding the lower yielding asset.

13.11 Rollover of Commodity CFDs and Index Futures CFDs

A rollover will arise in Commodity CFDs and Index Futures CFDs when the underlying front month futures contract is approaching the Expiry Date and we change our CFD pricing feed from the front month to the Next Serial Futures Contract. When the new price feed takes effect you will immediately create a gain or loss in your open trade equity. This profit or loss will depend on your Position size and direction and the price differential of the expiring contract and the new contract on which the price will be now based. You will be credited or debited with a Rollover Charge or Rollover Benefit that will fully offset the effect of the abovementioned profit or loss. For example, if you have made a profit on the change the new Contract Price feed you will receive a Rollover Charge which will offset the gain.

13.12 Revaluation of Positions affected by Limited Hours Trading

You acknowledge and agree that the application of Limited Hours Trading under this Agreement has the result that open Positions will be marked to market after close of trading on the primary exchange and your Margin Requirement will vary accordingly.

13.13 Settlement

In relation to Swap Charges and Swap Benefits, they will be accrued in the swap value field of your open trade Position. In the event there are insufficient funds in your Account, any amount due to us because of the Swap Charges becomes a debt due and owing by you to us. In relation to Commodity CFDs and Index Futures CFDs, Rollover Charges and Rollover Benefits will be accrued in the Rollover value field of your open trade Position. In the event that there are insufficient funds in your Account, any amount due to us because of the Rollover Charges becomes a debt due and owing by you to us.

13.13 When we make accounting payments

Any payments due under this clause 13 will, subject to clause 16.2 of this Agreement, be made by us adjusting the Account with effect immediately after Close of Business on the relevant Business Day.

14. STOP LOSS ORDERS & LIMIT ORDERS

14.1 Availability of orders

Stop Loss Orders and Limit Orders are only available on selected instruments. We may refuse to accept any Stop Loss Orders or Limit Orders on any trade. Such orders as we do accept may be placed or (save in the case of a Stop Loss Order which we impose (see clause 14.4)) cancelled at any time during the trading hours of the exchange on which the Underlying Instrument is traded.

14.2 Margin requirements to fill orders

An order which involves an instruction to us to open a trade above a certain price will not ordinarily be filled unless at the time when the price reaches the relevant limit your Account contains sufficient trading resources to cover the initial Margin for the trade which is to be opened. We may, however, at our discretion proceed to fill such an order notwithstanding that your account has insufficient trading resources to cover the initial Margin for the trade which is to be opened. In such circumstances we reserve the right at

any time after the opening of the trade to require you to deposit cash in the amount of the required initial Margin for that trade. Any such further cash deposits will be payable as Margin in accordance with the provisions of clause 10. A failure to make payment in the time and manner required will be an Event of Default. We reserve the right to refuse to open a trade in accordance with a Limit Order if:

- (a) there has been an Event of Default; and
- (b) in any other circumstances where we would be entitled to close the trade if it had already been opened.

14.3 Liability for losses arising from orders

You will remain liable for any losses in your Account which may be realised as the result of the filling of an order, regardless of the trading resources available on your account at the time the order was filled.

14.4 Our right to impose a Stop Loss Order

We may impose a Stop Loss Order on any of your open trades where we believe such action is necessary or desirable to limit the losses on any of your Positions including, but without limitation where:

- (a) we have any reason whatever to think that you will not pay us any money that is or may become due to us; or
- (b) you make any statement to us which we have reason to believe is or may not be true; or
- (c) you fail to do anything that you have undertaken to us that you will do; or
- (d) we are having difficulty in communicating with you and there are grounds for believing that this is because you have failed to take reasonable care to ensure that you are contactable by us at all times. Such grounds will arise if (whether or not in order to make a Margin Call) we dial all the telephone numbers given by you to us but are unable to speak to you personally and:
 - (i) we leave a message on any message-taking facilities offered but we do not hear from you within 30 minutes of leaving the message (or, if we leave more than one, the first message we leave, although if we leave or attempt to leave a message, either with a person who offers to take a message or on a automated message-taking service but for any reason it does not reach you we will nonetheless be deemed to have left a message for you); or
 - (ii) no message-taking services are offered and we dial all the numbers given by you again after a period of not less than 30 minutes and are still unable to speak with you at once.

14.5 Informing you of orders we impose

We will as soon as is reasonably practicable after imposing a Stop Loss Order attempt to inform you of it by telephoning you on the number or numbers that you leave with us and;

- (a) informing you personally of the Stop Loss Order or if this is not possible by;
- (b) leaving a message if, and only if, there is an automated message-taking facility or a person who offers to take such a message for you. If a message is left, it will be deemed to have reached you whether or not it has in fact done so. We will also send written notification to you by post and/or email at the addresses that you have given to us. We are under no obligation to take any other steps to inform you of the Stop Loss Order and a failure for any reason to inform you of the imposition of a Stop Loss Order will not affect the validity or enforceability of that Stop Loss Order.

15. EVENTS OF DEFAULT

15.1 What constitutes an Event of Default

The following constitute Events of Default, which upon their occurrence give us the right to take action in accordance with clause 15.2:

- (a) an Insolvency Event occurs in relation to you;
- (b) you are an individual and you die or become of unsound mind;
- (c) you fail to provide to us any Margin or other sum due under this Agreement in respect of any Margin FX Contract or CFD, or the Margin held by us in respect of any open Positions falls below our Margin Requirements;
- (d) you are in breach of any obligation, warranty or representation made under this Agreement and/or any information provided to us in connection with this Agreement is or has become untrue or misleading;

- (e) any fee due to us is not paid in accordance with this Agreement;
- (f) whether or not any sums are currently due to us from you, where any cheque or other payment instrument has not been met on first expectation or is subsequently dishonoured or you have consistently failed to pay any amount owed to us in time;
- (g) at any time or for any period deemed reasonable by us you are not contactable or you do not respond to any notice or correspondence from us;
- (h) we believe it is prudent for us to take any or all of the actions described in clause 15.2 in light of any relevant legal or regulatory requirement applicable either to you or to us;
- (i) we consider that there are abnormal trading conditions;
- (j) we consider it necessary for the protection of our rights under this Agreement;
- (k) we are unable to make price in the Margin FX Contract or CFD due to the unavailability of the relevant market information for reasons beyond our control;
- (l) we consider that you may be in breach of any Applicable Law;
- (m) we are so requested by ASIC or any other regulatory body or authority;
- (n) the aggregate of your order and all other orders for a Margin FX Contract or CFD is outside the Normal Trading Size; or
- (o) we can no longer hedge your position or we have a position closed out by our counterparty.

15.2. What action may We take?

If an Event of Default occurs (or as otherwise set out in clause 15.3) we may take all or any of the following actions:

- (a) immediately require payment of any amount you owe us, including Margin;
- (b) terminate this Agreement;
- (c) close all or any of your open Positions;
- (d) limit the size of your open Positions either in monthly terms or a number of Margin FX Contracts or CFDs (net or gross);
- (e) refuse orders to establish new Positions;
- (f) convert any ledger balances to the Base Currency of your Account;
- (g) exercise our rights of set off;
- (h) change the Margin level at which we may close your Account;
- (i) impose new Margin Requirements to your trading or Account;
- (j) limit or withdraw the credit on your Account;
- (k) suspend your Account and refuse to execute any trades;
- (l) call on any guarantee in respect of your obligations;
- (m) require you immediately to close out and settle the Margin FX Contract or CFD in such a manner as we requested;
- (n) enter into any transaction at such rates and times as we may determine in order to meet any obligation you may have incurred under a Margin FX Contract or CFD;
- (o) combine, close or consolidate any of the Accounts and offset any and/or amounts owed to, or by, us in such manner as we may in our absolute discretion determine; or
- (p) retain any amount owed by us to you against any contingent liability of yours to us or so long as the contingency subsists.

15.3 Additional Suspension and Closing Rights

We may also close your Account on 14 days' notice in the circumstances set out below. If we rely on our rights under this clause, your Account will be suspended during the 14 day notice period and you will not be able to place trades other than those to close existing open Positions. If you have not closed all the open Positions within the 14 days' notice period, we are entitled to take any action referred to in clause 15.2. The relevant circumstances are:

- (a) any litigation is commenced involving you and us in an adversarial position to each other and, in view of the subject matter of or any issues in dispute in relation to that litigation, we decide that we cannot continue to deal with you while the litigation is pending;
- (b) where you have acted in an abusive manner toward our staff (for example by displaying what we consider to be discourtesy or the use of offensive or insulting language);
- (c) where we believe that you are unable to manage the risks that arise from your trades.

15.4 Our rights to close or void

Without limiting our right to take action under clauses 15.2 and 15.3, we may also close or void individual open Positions and/or cancel any order where:

- (a) we are in dispute with you in respect of an open Position. In this case we can close all or part of the open Position in order to minimize the amount in dispute; and/or
- (b) there is a material breach of the Agreement in relation to the open Position.

15.5 Our rights to suspend account

Without limiting our right to take action under clauses 15.2, 15.3 and 15.4, we may in our discretion suspend your Account pending investigation for any reason. Whilst your Account is suspended you will be able to close your open Positions but you will not be entitled to place new trades. Circumstances in which we may choose to exercise this right include but are not limited to the following:

- (a) when we have grounds for believing that an Event of Default has occurred or may occur but believe that it is necessary to investigate circumstances with a view to confirming this;
- (b) when we have grounds for believing that you do not have a sufficient understanding of the trades which you are placing or the risks involved;
- (c) when we have not received within 10 days of a written request all information, which we believe that we require in connection with this Agreement; or
- (d) we have reason to believe that there has been a breach in your Account share or that there has been a threat to your Account share.

15.6 Conclude investigations

If we have suspended your account pending investigation, we will use reasonable endeavours to conclude our investigation within five (5) Business Days. When we conclude our investigation we will inform you whether trading on your Account may resume or whether we will seek to take further action pursuant to this Agreement.

15.7 Exercise of rights

We may exercise our rights to close open Positions under this clause 15 at any time after the relevant event has occurred and will do so on the basis of the next available price for the affected open Position, as determined under clause 12.

16. NETTING AND SETTING OFF

- (a) This Agreement and all trades under it form part of a singular Agreement between us and you, and we and you both acknowledge that we enter into this Agreement and any trades under it in reliance upon these being a singular Agreement.
- (b) When open Positions and/or your Account are closed under this Agreement, we may:

- (i) combine and consolidate your cash and any money we hold for you in all of the Accounts you may have with us; and
- (ii) set-off against each other the amounts referred to in (A) and (B) below:
 - A. any amounts that are payable by us to you, regardless of how and when payable, including your cash (if a credit balance) unrealised profits and any credit balance held on any Account even if any of these Accounts have been closed;
 - B. any amounts that are payable by you to us, regardless of how and when payable, including, unrealised losses, interest, costs, expenses, charges and any debit balance on any Account even if those Accounts have been closed.
- (c) You are also entitled to require us to exercise the above rights in relation to your Accounts and/or open Positions that have been closed.
- (d) If the rights under paragraphs 16(b) or 16(c) are exercised, all the payment obligations will be consolidated into an obligation for you to pay the net sum to us or for us to pay a net sum to you.

17. PAYMENTS

17.1 Your payments must be the full amount

When you make any payment which is subject to any withholding or deduction under this Agreement, you must pay to us an amount that ensures that the amount actually received by us is equal to the full amount we would have received had no withholding or deduction been made.

17.2 Payments we owe you and you owe to us are offset

- (a) If on any day, the same amounts are payable under this Agreement in respect of the same Account by either you or us to the other in the same currency, then, on such date, each of our obligations to make payment to such amount will be automatically satisfied and discharged.
- (b) On the other hand, if the aggregate amount that is payable by one of us exceeds the aggregate amount that is payable by the other in the same currency, then the one who has to pay the larger amount must pay the excess to the other, and the obligations to make payment of each party will be satisfied and discharged.

17.3 Payment of amounts due to us

Unless otherwise provided in this Agreement, all amounts due to us will, at our option:

- (a) be deducted from any funds held by us for you; or
- (b) be paid by you in accordance with this Agreement.

[If you fail to make any payment required under this Agreement when it falls due, interest will be charged (and you will pay interest) on the outstanding sum at the rate of [*]% per annum. Interest accrues and is calculated daily from the date payment was due until the date you pay in full and is compounded monthly.]

17.4 Withdrawing credit from your Account

When your Account is in credit, you may request us to send you a cheque or effect payment by alternative means of the amount in credit of such amount as you may specify. But, we may at our discretion withhold from the amount of the credit balance if:

- (a) any overnight Position on your account shows a notional loss;
- (b) we consider that further amounts may be required to meet any current or future margin requirement on open Positions due to Underlying Market conditions;
- (c) if you have any contingent liability to us (or to any of our associates), in respect of any other Account open with us;
- (d) we determine that there is an unresolved dispute between us and you in connection with this Agreement or any Margin FX Contract or CFD; or
- (e) we consider it necessary or desirable to withhold such amount to comply with our regulatory or legal obligations,

and we will, except where paragraph 17.4(e) applies, notify you as soon as reasonably practicable if we decide to take such action.

17.5 No security interests created

Nothing in this Agreement is intended to create or does create in favour of either of us any mortgage, charge, lien, pledge or other security interest in any cash or other property transferred by one to the other under any Margin FX Contract or CFD.

17.6 Payments transferred must have free title

We and you agree that all rights, title and interest to and in any payment which one party transfers to the other in respect of a Margin FX Contract or CFD under this Agreement vests in the recipient clear of any liens, charges, encumbrances or other interest of the transferor or any third party.

17.7 Payments into an Account

You must ensure that:

- (a) payments into an Account are from you as the holder of the Account and not from any third party;
- (b) without limiting the above, payments from an account are payments from your account and not from any account of any third party.

You agree and acknowledge that we may refuse to accept or return any payment of money from any third party or from any account of any third party, and that we do not accept any liability or responsibility for any loss, cost or expense incurred or suffered by you in connection with such non-acceptance or return, including because you are subsequently in default of your obligations to us.

If you give us notice that you object, then the changes will not bind you; but we may require you to (and you must) close your Account as soon as reasonably practicable and/or be restricted from placing trades and/or orders and/or close your open Positions.

18.4 Application date

Subject to clause 18.2, the amendments made under this clause 18 will apply, including to all open Positions and unexecuted orders, from the effective date as stated by us of the changes specified in the notice.

18.6 Your right to terminate

You may also terminate this Agreement or close your Account at any time by giving us written notice. Your Account will be closed as soon as reasonably practicable after we have received notice, all open Positions are closed, or orders cancelled, and all of your obligations are discharged.

18.7 Reservation of rights

If you or we provide notice to close your Account or terminate this Agreement under this clause 18, we reserve the right to refuse to allow you to enter into any further trades or orders which may lead to you holding further open Positions.

19. APPLICATION OF ACCOUNT FUNDS

19.1 Our rights to apply Account funds

We may at any time without prior notice to you, in order to discharge your obligations (actual or contingent) under this Agreement:

- (b) If we exercise our right to close out your remaining Positions under the preceding clause, we will close out those open Positions at the Closing Price for the Contract except where your open Positions are outside the Normal Trading Size, in which case we will close those Positions at a price determined by us in accordance with market practice, but at our absolute discretion.
